

*Dorothy Day*

*Dorothy Day, Servant of God. "Her life is a model for all in the third millennium, but especially for women who have had or are considering abortions ... This is why I have never condemned a woman who has had an abortion; I weep with her and ask her to remember Dorothy Day's sorrow but to know always God's loving mercy and forgiveness.*

Cardinal John O'Connor,  
Archdiocese of New York 1997

## *Prayer*

Dorothy Day, Servant of God, pray for us - for us who labour for a culture of life and a civilisation of love, for the unborn, for the mothers in crisis pregnancies, for mothers who have suffered from abortions, for the poor and for the dying.
